

LARRY KAHLER

ASSISTANT SUPERINTENDENT

Larry Kahler joined Hubbell Realty Company in 2005 as a carpenter in the Hubbell Renovations division. When Hubbell Renovations transitioned into Hubbell Construction Services in 2008, Larry was eager to help develop the new entity and expand his expertise. Due to his on-site leadership and construction experience, he was promoted to Assistant Superintendent in 2010.

Working in construction his entire career, Larry has over 40 years of experience. While his focus is in tenant improvements, he has also assisted in various multi-family projects. As an Assistant Superintendent, he oversees projects from start to finish, managing the day-to-day operations, monitoring subcontractors, preparing schedules and working closely with Project Managers and Project Coordinators.
